

## Training rooms

The Tacke Communication Center (TCC) provides for state-of-the-art rooms with full technical equipment for the trainings.

Refreshments are also served to our guests. Moreover, we end the day with a common dinner in a pleasant atmosphere.

All trainings take place in the Tacke Communication Center of KTR Rheine.

## Registration and infos

Please direct your registration to [training@ktr.com](mailto:training@ktr.com)

### specifying the following details:

Description of training along with the date, the participant's first name and surname, phone number and e-mail address, invoice address.

### Confirmation of registration and invoice

We will confirm receipt of your registration by e-mail. The invoice will be sent by mail. For each date only a limited number of participants is available. Registrations will be considered after receipt.

### The seminar charges include the following:

- Participation in the seminar
- Catering during the day
- Overnight stay with breakfast
- Dinner
- Training documentation
- Certificate

### Seminar documents

Before the seminar is started, you will be provided with the training documents. Please note: For each date only a limited number of participants is available.

### Cancellation and cancellation of events

Cancellation is free of charge up to 30 days before the event, after which the full participation fee will be charged. Substitute participants can of course be named. We reserve the right to cancel events for organisational reasons. In this case, the costs will be refunded.

## KTR TrainingsCenter

## Preface

The KTR TrainingCenter is KTR's new educational institute. No matter whether you are a dealer or customer, seller or technician, newcomer or specialist: Our seminar programme aims at all those people who want to acquire knowledge in Power Transmission or develop their existing technical knowledge.

During the trainings the KTR experts impart their extensive knowledge of the product ranges of mechanical couplings, hydraulic components, braking and cooling systems. True to the motto "Taken from practice for use in practice" they impart the contents of training based on practical examples and exercises, creating ideal basic conditions for practice-oriented handling of the state-of-the-art drive technology by KTR.

"Knowledge is the only thing that increases when shared". The fact realized by the author Marie von Ebner-Eschenbach already 100 years ago is to be experienced in our training institute in the future – in cooperation with KTR experts, their commitment to learners and discussions with experts. We look forward to sharing our knowledge with you.

Good service providers and employees require good education and advanced training.

# The training range

	 <p><b>BASIC TRAINING</b></p>	 <p><b>PROFI TRAINING</b></p>
<b>Target group</b>	Drive technology is a relatively new field of work for you and you want to build a solid foundation in this subject area.	You have a solid basic knowledge of engineering and want to develop your competence in Power Transmission.
<b>Your competence</b>	You acquire the basics of drive technology and learn its key parameters.	You have advisory discussions with customers independently giving recommendations for products.
<b>Contents</b>	<ul style="list-style-type: none"> <li>→ Physical principles of drive technology</li> <li>→ Drive components for industrial applications</li> <li>→ Portfolio: Drive components (mechanical couplings, torque limiters, measuring shafts, clamping sets)</li> <li>→ Portfolio: Hydraulic and electromechanical brakes</li> <li>→ Portfolio: Hydraulic components</li> <li>→ KTR Online-Tools</li> <li>→ KTR Online-Shop</li> <li>→ KTR-Website</li> </ul>	<p><b>Drive and hydraulic components</b></p> <ul style="list-style-type: none"> <li>→ Applications</li> <li>→ Selection</li> <li>→ Calculation</li> <li>→ Market environment</li> </ul>
<b>Scheduling</b>	<p><b>1,5 days</b></p> <p>Day 1: 13.00 - 17.00 hrs Day 2: 08.30 - 15.00 hrs</p>	<p><b>3 days</b></p> <p>Day 1: 08.30 - 16.45 hrs Day 2: 08.30 - 16.45 hrs Day 3: 08.30 - 15.00 hrs</p>
<b>Dates</b>	The latest dates can be found at <a href="http://ktr.com">ktr.com</a>	The latest dates can be found at <a href="http://ktr.com">ktr.com</a>
<b>Your investment</b>	230 € plus VAT.	550 € plus VAT.

## The trainers

Our trainers have been members of the KTR staff for many years and have a wide specialist knowledge of their capacity range. To prepare for the seminar all of them have completed a training to become a trainer.

- Headquarters (Rhine /Germany)
- 24 Subsidiaries
- 90 Distribution Partners
- Over 1,200 employees worldwide

**For quality and service.**
